Timeline for assessments:

Data from each of the measures will be compiled yearly in an aggregated format (results for all students for that year) and reviewed at a regularly scheduled departmental meeting early in the fall. Should sufficient numbers of students to disaggregate, possible meaningful categories will be considered (e.g. admission criteria, location). All adult learning and leadership faculty members involved in the Ed.D. Program in Adult Learning and Leadership will review the results and make recommendations for program revisions

**Alignment Matrix** – For each stated student learning outcome, where does the student have the opportunity to learn the outcome and where is student achievement of the outcome assessed?

Place an “X” for the courses or experiences in which students have the opportunity to learn the outcome.

Place an “A” for courses or experiences in which student performance is used for program level assessment of the outcome.
